Barstow Community College	Bill Orr	NO	NO	NO	YES	Have been using our own software developed by the college, but for more speed and capabilities we are moving to Moodle in the fall of 2011 and hope to have it fully implemented by fall 2012. We will require all of our faculty (full time and adjunct) to have a Moodle Course Creator Certificate. We implemented CurricuNet almost over a year ago and it is not functional yet. For tracking, our data-research office is trying to develop their own plan.
